CASE SUMMARY

In the Statement of Claim, Claimant asserted a claim seeking expungement of customer dispute information from registration records maintained by the Central Registration Depository ("CRD").

In the Statement of Answer, Respondent admitted that expungement of Occurrence Number 2331208 is appropriate under FINRA rules.

RELIEF REQUESTED

In the Statement of Claim, Claimant (CRD Number 3228574) requested: expungement of all references to Occurrence Number 2331208 from the CRD registration records.

In the Statement of Answer, Respondent did not delineate any specific relief request.

OTHER ISSUES CONSIDERED AND DECIDED

The Arbitrators acknowledge that they have each read the pleadings and other materials filed by the parties.

On October 8, 2025, Claimant advised that the customer in Occurrence Number 2331208 ("Customer") was served with a copy of the Statement of Claim, although not within 10 days of filing the Statement of Claim.

On October 8, 2025, Claimant advised that the Customer was served with a copy of the Statement of Answer, although not within 10 days of filing the Statement of Answer.

The Panel conducted a recorded hearing by videoconference on November 19, 2025, so the parties could present oral argument and evidence on Claimant's request for expungement. Claimant appeared by videoconference at the expungement hearing. Respondent appeared at the expungement hearing and as stated in the Statement of Answer, did not oppose the request for expungement.

The Customer did not appear at the expungement hearing.

No authorized representative of a state securities regulator appeared at the expungement hearing.

The Panel noted Claimant's representation that a prior arbitration panel or court has not previously ruled on expungement of the same occurrence in the CRD.

The Panel reviewed the settlement documentation related to Occurrence Number 2331208, considered the amount of payment made to any party to the settlement, and considered other relevant terms and conditions of the settlement. The Panel noted that the settlement was not conditioned on any party to the settlement not opposing the expungement request and that Claimant did not contribute to the settlement amount.

AWARD

After considering the pleadings, the testimony and evidence presented at the expungement hearing, and any post-hearing submissions, the Panel has decided in full and final resolution of the issues submitted for determination as follows:

1. The Panel awards the expungement of all references to Occurrence Number 2331208 from registration records maintained by the CRD for Claimant Sandro Mariano Olivos (CRD Number 3228574) with the understanding that, pursuant to Rule 2080, Claimant Sandro

Mariano Olivos must obtain confirmation from a court of competent jurisdiction before the CRD will execute the expungement directive.

Unless specifically waived in writing by FINRA, parties seeking judicial confirmation of an arbitration award containing customer dispute expungement relief must name FINRA as an additional party and serve FINRA with all appropriate documents.

Pursuant to Rule 13805 of the Code, the Panel has made the following affirmative finding of fact:

The claim, allegation, or information is false.

The Panel has made the above finding based on the following reasons:

Background:

The expungement relates to a customer complaint filed by the Customer regarding an investment in a product offered by Northstar Financial Services (Bermuda). The Claimant seeks expungement of a disclosure associated with this investment.

Findings of Fact Supporting Expungement:

1. Customer's Investment Profile Was Conservative
 - a. According to Exhibit 7 ("Cuestionario de Perfil de Inversion – [the Customer]"), the Customer's investment profile indicated a moderate risk tolerance and a preference for principal and income protection, with a score of 16 placing him in the "moderate risk" category.
 - b. He expressed discomfort with investment products that have fluctuating values, and he could only tolerate a 1–5% loss in a year.
2. Claimant Acted Consistently with the Risk Profile
 - a. The investment made was in Northstar Financial Services (Bermuda), which at the time of investment was marketed as a low-risk, principal-protected, offshore annuity product, with third-party guarantees (see Exhibits 1–4).
 - b. The product aligned with the Customer's stated goals and was not inherently unsuitable when sold.
3. Affirmative Expressions of Interest by the Customer
 - a. Emails in Exhibit 6 (Dec. 26, 2013 – Jan. 3, 2014) from the Customer to Claimant show that the Customer initiated and affirmed his interest in the investment, asking how to proceed to "finalize the paperwork and start the investment." This is contrary to any claim of misrepresentation or unauthorized activity.
4. Claimant Provided Full Documentation
 - a. As shown in Exhibits 8–13, Claimant provided all required documents to the Customer, including account agreements, risk disclosures, and W-8BEN tax documentation. There is no indication of concealment or deception.
5. Subsequent Complaints Stemmed from Issuer Misconduct, Not Advisor Malfeasance

- a. Later developments, including the 2019 indictment of Greg Lindberg (Exhibit 23), affected the value of Northstar investments. However, this occurred years after the sale and was not foreseeable to Claimant.
- b. The misconduct was by the issuer, not the advisor, and cannot reasonably be imputed to Claimant.

Legal Standard and Conclusion:

Under FINRA Rule 13805(c)(9)(A)(i)(c), expungement is appropriate where the Panel finds that the information is false. The Panel finds that:

1. The customer complaint alleged misrepresentation and unsuitability.
2. The objective evidence, including the risk profile, correspondence, and documentation, directly refutes these allegations.
3. The Panel therefore concludes that the claim is factually false as to Claimant.

Decision:

The Panel grants expungement of the CRD disclosure associated with the customer complaint by the Customer, pursuant to FINRA Rule 13805(c)(9)(A)(i)(c). The complaint is determined to be factually false.
