Your energy bill

Message Center

This bill reflects changes in the Supply and Delivery portions of your bill, effective June 1, 2020. The change in the Supply portion of your bill is a result of the statewide supply auction that was approved by the BPU on February 5, 2020. The change in the Delivery portion of your bill is a result of a small decrease to the Non-Utility Generation Charge. As a result of these changes, a typical residential customer who receives electric supply from PSE&G and uses 6,920 kilowatt-hours per year will see an average monthly increase of \$5.57 or 4.1%. Tariff information may also be found by visiting pseg.com.

Your safety is our top priority. Know what to do if you smell gas. Natural gas smells like rotten eggs. If you smell gas, leave the area immediately, and call 911 or PSE&G at 800-880-PSEG. Learn more at pseg.com/gassafety.
